Kathy and Michelle, thanks!!

By the way, **Rob Johansson is a former OMB/OIRA desk officer who covered OCSPP issues for a little while.**

http://www.usda.gov/wps/portal/usda/usdahome?contentidonly=true&contentid=bio_johansson.xml. I was unaware that he recently landed at USDA until I looked up his LinkedIn profile. I'm happy to learn about this *before* the OMB review.

Thank you, Kathy! As it may be helpful in prepping for the OMB pre-submission briefing and facilitate dissemination of the EO 12866 review materials within USDA once OMB distributes the rule package, could you share a copy of the briefing materials with us, along with the names of the USDA staff who are invited participate?

Debby and Margie:

I am sending forward an NPRM package for USDA (FIFRA) review: the Agricultural Worker Protection Standard Revisions (SAN 5006). This rule revision provides improved protections for agricultural workers and pesticide handlers. You will find all the necessary materials attached to support this action moving forward.

I am requesting the following actions from Steve Bradbury:

1. signature and date on the FRN announcement for transmittal to USDA
2. signature (do not date) on the USDA letter
3. concurrence on the content of the Congressional letter

4. concurrence on the WPS one-pager

Paper copies of the above documents are on their way to you. Finally, I ask for concurrence to move the FIFRA package forward to RCS.

Please forward Steve's concurrence electronically to RCS with the attached documents. Send to PeterJ Smith and Angela Hofmann, with cc: to me and Kevin Keaney. Please let me know if there are any questions - thank you!
